

# MISSION 4/1 EARTH TIMECARD

## HELP US REACH OUR GOALS!

IT'S AS EASY AS 1-2-3.

1. Participate in engaged earth care, plant a tree, and/or write a letter/email of environmental advocacy.
2. Report your hours, letters/emails, and trees planted (*on the reverse side*) and place this card in the offering plate. Your church will report them on your behalf.
3. Repeat steps 1 and 2! You have 50 great days to do more, plant more, and write more!

50 Great Days

APRIL 1, 2013 - MAY 19, 2013

God is still speaking,  
**UNITED CHURCH  
OF CHRIST**

# MISSION 4/1 EARTH: 50 Great Days

**April 1 – May 19**

**April 7** –EarthCare Hours Timecards. For fifty days, let's contribute to the UCC's goal of amassing 100,000 EarthCare hours across our churches. During coffee hour, watch the Mission 4/1 video (that counts as hours)! Write down your small steps that make for big changes.

**April 14** – Letters For Change. Pick up prewritten, pre-stamped, pre-addressed letters to send to your local legislators regarding climate change. Or, take a blank letter. Log your letters on your timecard.

**April 21** – Bring Your Own Mug Day. If we all bring a mug for a single day, that's a lot of waste saved from a landfill. Bring your mug/cup and then take it home with you; Participants get a cool prize!

**April 28** – **Spring Clean Up**. Stay after church for a quick lunch, then head outside with us for some fresh air and sunshine to the community garden\* at the end of Erie Ave. EarthCare and CommunityCare all in one! All ages and abilities welcome.

**May 5** – Annual Crop Walk. Support global clean water and agriculture initiatives that help feed the hungry.

**May 11** – RCC Garage Sale! Reduce, reuse, recycle. Rent a table or come browse.

**May 12** – Walk to Church Day. If you can't walk to church, just walk somewhere. After church, stay to watch a documentary on water as a source of life and a religious symbol.

**May 19** – Collect EarthCare Hours Time Sheet.

\*FYI: The community garden always appreciates any plants, flowers, or veggies (any kind you like). Also, there's a great senior garden there; John Hughes is looking for someone from the KIP center to collaborate to help create a gardening program for seniors.
